

Radio and Television Broadcast Programming

Associate in Science | Code: 26043 | 64 credits

CIP: (1610020202)

Effective Term: Fall 2024 (2247)

The Radio and Television Broadcasting Programming program is designed for students who intend to seek employment in radio, television and production companies, as well as allied fields such as in-house educational and industrial studios. The curriculum provides introductory and advanced courses essential to the professional program. It stresses hands-on equipment use in both the radio and TV laboratories. Students will have access to high-end cameras, editing suites and video graphics animation facilities and will complete portfolio-quality productions.
